

Papers in 1999:

Laxton, Douglas, and David Rose, and Demosthenes Tambakis, 1999, "The U.S. Phillips Curve the Case for Asymmetry," *Journal of Economic Dynamics and Control*, Vol. 23, No. 9, pp. 1459–85.

Papers in 1997:

Debelle, Guy, and Douglas Laxton, 1997, "Is the Phillips Curve Really a Curve? Some Evidence for Canada, The United Kingdom and the United States," *IMF Staff Papers*, Vol. 44, No. 2, June, pp. 249–82.

Papers in 1996:

Clark, Peter, and Douglas Laxton, 1996, "Phillips Curves, Phillips Lines and the Unemployment Costs of Overheating," prepared for a conference on Computational Economics in Geneva, Switzerland, May.

Isard, Peter, and Douglas Laxton, 1996, "Strategic Choice in Phillips Curve Specification: What if Bob Gordon is Wrong?" prepared for a Conference on the Macroeconomic Aspects of European Unemployment sponsored by the European University Institute in Florence, Italy, November.

Papers in 1993:

Laxton, Douglas, David Rose, and Robert Tetlow, 1993, "Problems in Identifying Nonlinear Phillips Curves: Some Further Consequences of Mismeasuring Potential Output," Working Paper 93/6, (Ottawa: Bank of Canada), June.

Laxton, Douglas, David Rose, and Robert Tetlow, 1993, "Is the Canadian Phillips Curve Non-Linear?" Working Paper No. 93/7, (Ottawa: Bank of Canada), July.

Papers in 1992:

Laxton, Douglas, Kevin Shoom, and Robert Tetlow, 1992, "Should the Change in the Gap Appear in the Phillips Curve? Some Consequences of Mismeasuring Potential Output," Working Paper 92/1, (Ottawa: Bank of Canada), January.

Laxton, Douglas, and Robert Tetlow, 1992, "A Simple Multivariate Filter for the Measurement of Potential Output," Technical Report No. 59, (Ottawa: Bank of Canada), June.
